ENTRY PROCEDURE

To save applicants time and money, Freedom has a slightly different application process to other schools. We require all students to send in a registration form and attend an academic consultation before formally applying in order to establish whether Freedom is the right institution for their academic needs. After the consultation, candidates will be notified within two weeks whether Freedom wishes them to proceed with the application.

Procedural Steps:

- Send Registration Form with the £50 Registration Fee to the Admissions Registrar.
- Attend academic consultation.
- Successful registrants will be asked to apply.
- Send Application Form with the £400 Application Fee to the Admissions Registrar. £150 will be deducted from the final account.
